

TIME SENSITIVE - SQL Server Track Sponsorship (3 Sponsor Limit)

Largest free event in the world for the technical community.

Want to Connect with SQL Server Developers and DBAs?
Need Visibility for Your SQL Server Solutions?
Looking for World Class SQL Server Talent?

Silicon Valley Code Camp has developed a special sponsorship to help you reach **SQL Server professionals** during the event.

The Professional Association for SQL Server (PASS) has just confirmed 18 sessions aimed at SQL Server developers and DBAs. Organized into two concurrent tracks, these sessions will be held in dedicated lecture halls inside Foothill College's beautiful new Professional Sciences & Engineering Center (PSEC).

This special sponsorship puts your brand directly in front of this highly qualified audience which will congregate in the PSEC - including a spacious courtyard - throughout the weekend. **There is a 3 sponsor limit, so please act quickly.**

This is a prime opportunity to connect with hundreds of active and professional SQL Server developers and DBAs who are interested in your company and your solutions.

Now in its 8th year, Silicon Valley Code Camp is a free, two-day event that attracts the best and brightest of Northern California's technical community: people who are at the top of their field, motivated to sharpen their skills and learn new ones, and want to network with their peers.

SVCC Sponsors Reach:

- 3,800+ registrants
- 2,450 attendees
- 340,816 pageviews with 46,000+ unique visitors on SVCC's website & blog last year
- 200+ sessions covering technical areas and career development topics

SQL Server Track Sponsorship Inclusions \$2500 (Limit 3)
